ABSTRACT

A survey was conducted to update a series of documents published by the Council of Europe in 1975. This survey covers the following countries: Austria, Belgium (Dutch-speaking area), Cyprus, Denmark, Finland, Iceland, Ireland, Liechtenstein, Luxembourg, Switzerland, and the United Kingdom. For each country, details are given concerning sources of educational information in connection with agencies concerned with educational policy, reform, and/or development; sources of educational information in connection with associations (teacher, parent, pupil, etc.); agencies collecting and disseminating information; published guides to sources of information; and computer-based educational information currently produced or planned for the near future. The questionnaire appears in the introduction in both English and French; entries for individual countries are in either English or French. (THC)

ABSTRACT

The survey updates a series of documents published in 1975 and covers the following countries: Austria, Belgium (Dutch-speaking area), Cyprus, Denmark, Finland, Iceland, Ireland, Liechtenstein, Luxembourg, Switzerland and the United Kingdom. The survey gives educational information sources in connection with agencies concerned with educational policy, reform and/or development and in connection with associations (teacher, parent, pupil, etc.). Details are given concerning agencies collecting and disseminating information and concerning published guides to sources of information. The contributions to the survey are in either English or French.

L'enquête constitue la mise à jour d'une série de documents publiés en 1975 et recouvre les pays suivants: Autriche, Belgique (communauté flamande), Chypre, Danemark, Finlande, Islande, Irlande, Liechtenstein, Luxembourg, Suisse et Royaume-Uni. L'enquête fournit les sources d'information en matière d'éducation, sources ayant un lien avec les instances qui s'occupent de la politique, de la réforme et/ou du développement de l'éducation ainsi qu'avec les associations (d'enseignants, de parents, d'élèves, etc.). Des renseignements sont donnés sur les organismes recueillant et diffusant des informations et sur les publications indiquant des sources d'information. Les contributions à l'enquête sont soit en anglais soit en français. (WFB)

INTRODUCTION

Sources of educational information: European survey 1984 updates the survey published in 1975. The heads of the Council for Cultural Co-operation delegations (1) were invited to respond to the questionnaire given below. In the case of countries which had participated in the 1975 survey the questionnaire was accompanied by a copy of the contribution made at that time.

We take this opportunity to thank all those who contributed information for the 1984 survey.

The 1984 survey has been edited by Susan Vaillant.

MISCELLANEOUS

COMPUTER-BASED EDUCATIONAL INFORMATION

Koulukustannusten ja suoritteiden seurantagärjestelmä (The Follow-up System on School Expenditure and Payments). Established in 1975, and is applied to comprehensive schools and secondary educational institutions. The information is used in activity and economic planning, in budget allocation and in the preparation of economic reports. The file is maintained by the National Boards of General Education and Vocational Education.

Korkeakoulujen tilarekisteri (Register of Higher Education premises) includes detailed information on the number, quality and use of facilities and is maintained by the Ministry of Education.

Korkeakoulujen resurssi-, suorite- ja kustannusrekisteri (Register of Resources, Payments and Expenditure in Higher Education). Established in the beginning of 1982. Includes information on teachers, auxiliary staff, premises, students, degrees and expenses. Maintained by the Ministry of Education.

Opetusministeriön tulo- ja menoarvio ja toiminta- ja taloussuunnitelma (The Budget, and the Work and Economic Plan of the Ministry of Education) have been computerised by the Ministry of Education since 1982.

Yhteisvalinta (Co-Selection to Secondary Education). A computer system maintained by the National Board of Vocational Education on selection processes, selections, post-selections and statistical documentation related to the selection of students to secondary education. The system was introduced in the whole country in 1978.

Lukion oppilasvirtamalli (Student Streams from the Upper Secondary School) maintained by the National Board of General Education. This is a model that enables the estimation of the number of students in day-time upper secondary schools and of matriculated students.

Ammatillisen koulutuksen tarjontamalli (A model of the supply of vocational education) maintained by the National Board of Vocational Education. This model estimates the number of graduates from vocational schools and institutes.

Väestön tutkinto- ja koulutusrakenne-ennuste 1981 - 1995 (Forecast of degrees and the educational structure of the population in 1981 - 1995) maintained by the Central Statistical Office. The forecast deals with the estimated number of completed degrees by the year 1995 and the educational structure of the population in 1985, 1990 and 1995. The following study has been published: Aila Repo: Väestön tutkinto- ja koulutusrakenne-ennuste (Forecast of Degrees and the Educational Structure of the Population) Central Statistical Office, Studies n:o 94. Helsinki 1983. 110 p. ISBN 951-46-6866-9.

The Higher Educational Authority was set up as an ad hoc body in 1968
and given statutory status in 1972 by the Higher Education Act, 1971.
Its functions under the terms of the Act include the funding of
universities and designated third-level institutions, the development
of third-level education to meet the needs of the community and an
advisory role in relation to all third-level education. The designated
institutions are the Royal College of Surgeons in Ireland, the National
Institute for Higher Education, Limerick, the National Institute for
Higher Education, Dublin, the National College of Art and Design, the
National Council for Educational Awards, the Royal Irish Academy and
Thomond College of Education.

The Chairman of the Authority is appointed by the Minister for Education on a full-time basis. There are 18 part-time members of the Authority. The state grant-in-aid for 1981 was £388,000. The Authority employs 26 persons full-time and one part-time.

- 3) The National Council for Educational Awards (N.C.E.A.)
26 Mountjoy Square, Dublin 1
Tel. 741526/7/8

The Council was established in 1972 on an ad hoc basis but was established statutorily through the National Council for Educational Awards Act 1979 which came into operation on 16 July 1980.

The N.C.E.A. is the state agency responsible for the development and promotion of technical, industrial, scientific, technological and commercial education and education in art and design outside the universities. It will give effect to these responsibilities through the approval of courses and the granting and conferring of degrees, diplomas, certificates and other educational awards. The major concern of the Council will be to establish and maintain high standards in all courses for which it will grant national awards. Consistent with the requirements of academic rigour, the Council will also be concerned that courses have a practical relevance and career orientation.

Since 1972 the N.C.E.A. has recognised over 250 courses and made over 15,000 awards in the areas of business studies, secretarial studies, engineering and construction studies, science and paramedical studies, art

and design studies, teacher education and social studies. The Council exercises its functions in national institutions of higher education, in regional technical colleges, colleges of technology and other institutions designated under section 20 of the N.C.E.A. Act 1979 by the Minister for Education.

The Council consists of the chairman, deputy chairman, director and 22 other members, drawn from industry, business, labour, agriculture, national institutions of higher education, regional technical colleges, other VEC colleges and the universities.

SUISSE

SOURCES D'INFORMATION EN MATIERE D'EDUCATION SE RATTACHANT AUX INSTANCES QUI S'OCCUPENT DE LA POLITIQUE, DE LA REFORME ET/OU DU DEVELOPPEMENT DE L'EDUCATION

MINISTERE(S) DE L'EDUCATION OU EQUIVALENT AU NIVEAU NATIONAL ET/OU REGIONAL NIVEAU NATIONAL

La Suisse ne connaît pas de ministère de l'éducation au niveau national. Chacun des 26 cantons et demi-cantons est largement autonome en matière d'éducation. Au niveau cantonal, l'organe suprême, en matière d'éducation, est le Département de l'instruction publique (appelé ci-après DIP) (cf. annexe 1, p. 96, noms et adresses des DIP).

Les DIP publient des communications à la presse, des communiqués, des bulletins. Leurs formes sont multiples et varient fortement d'un canton à l'autre. Il ne nous est pas possible d'en présenter une liste exhaustive. Citons, à titre d'exemples:

Canton de Genève (en français):

Feuille d'avis officielle de la République et Canton de Genève.
Genève, Chancellerie d'Etat.

(Contient toutes sortes d'informations officielles du gouvernement cantonal, dont pas uniquement du DIP).

Journal de l'enseignement primaire. Genève, DIP, Service de l'enseignement primaire.

C.O. Informations. Genève, Direction générale du Cycle d'orientation. (Bulletin d'information destiné au corps enseignant et au personnel administratif et technique du cycle d'orientation de l'enseignement secondaire genevois).

Canton de Vaud (en français):

Feuille des avis officiels du canton de Vaud. (Lausanne).

Perspectives. Bulletin d'information du DIPC (Département de l'instruction publique et des cultes), de la prévoyance sociale et des assurances, de l'agriculture, de l'industrie et du commerce... etc. Lausanne, DIPC.

Canton de Zurich (en allemand):

Amtsblatt des Kantons Zürich. Zürich, Staatskanzlei.

Schulblatt des Kantons Zürich. Zürich, Kantonaler Lehrmittelverlag.

Ces documents d'information sont publiés dans l'une de nos langues nationales (langue officielle du canton), c'est-à-dire en français, en allemand, en italien; dans les cantons bilingues (Berne, Fribourg, Valais) en français et en allemand, soit dans une seule et unique publication, soit dans des éditions distinctes.

PRINCIPAUX ORGANISMES CONSULTATIFS, DE PLANIFICATION OU DE COORDINATION
S'OCCUPANT DE LA POLITIQUE, DE LA REFORME ET/OU DU DEVELOPPEMENT DE
L'EDUCATION QUI FONT PARAÎTRE DES PUBLICATIONS

NIVEAU CANTONAL

De plus, les principaux organismes consultatifs, de planification ou de coordination cantonaux s'occupant de la politique, de la réforme et/ou du développement de l'éducation peuvent faire paraître des publications. En règle générale, celles-ci sont publiées dans le cadre d'une collection dirigée par le DIP. Dans certains cas, c'est l'organisme lui-même qui les édite, sans que la responsabilité des autorités soit engagée.

Là encore, nous devons nous contenter de quelques exemples, ces publications étant très nombreuses:

Canton de Geneve (français):

Service de la recherche pédagogique
11 rue Sillem, 1207 Genève

Publications cf. liste (annexe 2, p. 97)

Canton de Vaud (français):

Coordination pédagogique et planification scolaire, DIP
8 rue de la Barre, 1014 Lausanne

Publication (exemple): Statistiques scolaires 1982-83. Résultats du recensement scolaire organisé dans les écoles publiques du canton de Vaud au 31 octobre 1982. Lausanne 1983.

Centre vaudois de recherches pédagogiques CVRP
56 rue Marterey, 1005 Lausanne

Publication (exemple): Michiels, Marie-Paule. Observation longitudinale de candidats à l'enseignement à l'Ecole normale de Lausanne en 1979-1981. Lausanne, 1982.

Canton de Zurich/Kanton Zürich (allemand):

Pädagogische Abteilung der Erziehungsdirektion des Kantons Zürich
Haldenbachstrasse 44, 8090 Zürich

Publication (exemple): Bildungsstatistische Berichte. 21/22: Die Sonderklassen der Zürcher Volksschule 1930-1980. Neuere Entwicklungen in der Zürcher Volksschule. - Die Volksschulzahlen im Ueberblick. - Volksschulstatistik 1981/82. Zürich 1983.

Canton de Berne/Kanton Bern (français et/ou allemand):

Amt für Unterrichtsforschung und -planung der Erziehungsdirektion des Kantons Bern
Sulgeneckstrasse 70, 3005 Bern

Publication (exemple): Literatursammlung und -auswertung zu den Themen Tätigkeitsfeld und Qualifikationsprofil des Lehrers. Bern 1983.

Office de recherche et de planifications pédagogiques (du Jura bernois)
2740 Moutier

Publication (exemple): Prévisions des besoins en enseignants 1980-86 pour la partie francophone du canton de Berne. Moutier 1981.

NIVEAU NATIONAL

Sur le plan fédéral, les compétences en politique de l'éducation se situent spécialement au niveau de la formation gymnasiale (ordonnance fédérale de maturité), de la formation professionnelle (loi fédérale sur la formation professionnelle) ainsi qu'au niveau tertiaire (Ecoles polytechniques fédérales, subventionnement des universités cantonales). Nous citons ici 2 des organismes fédéraux:

Office fédéral de l'éducation et de la science (OFES)
Wildhainweg 9
3001 Bern

Publications:

Politique de la science. Bulletin d'information des organes suisses de politique de la science (trimestriel).
Suppléments, par exemple: La situation de l'emploi de jeunes universitaires en 1981. (No. 29). Edition allemande également: Wissenschaftspolitik.

Coopération internationale dans l'éducation. Berne, OFES. (Paraît en fonction des besoins de l'Office en contient des informations sur les activités des organisations internationales dans le domaine de l'éducation).

Office fédéral de l'industrie, des arts et métiers et du travail (OFIAMT)
Bundesgasse 8
3001 Bern

Publications:

Statistiques concernant les examens d'apprentissage, les contrats d'apprentissage, les examens de maîtrise et les orientations professionnelles dans La vie économique.

PRINCIPAUX ORGANISMES CONSULTATIFS, DE PLANIFICATION OU DE COORDINATION S'OCCUPANT DE LA POLITIQUE, DE LA REFORME ET/OU DU DEVELOPPEMENT DE L'EDUCATION QUI FONT PARAÎTRE DES PUBLICATIONS

NIVEAU NATIONAL

Les chefs des 26 Départements cantonaux de l'instruction se sont constitués en Conférence suisse des directeurs cantonaux de l'instruction publique (CDIP), institution intercantonale de droit public qui s'est donné pour tâche de développer l'école et d'harmoniser les diverses législations cantonales. Cette conférence n'a pas de pouvoir législatif, mais elle élabore des recommandations à l'intention des cantons.

- 1) Schools Council
Newcombe House
45, Notting Hill Gate
London W11 3JB
Tel. 01-299-1234

The School Council's role has been to promote and encourage curriculum study and development. The Council is financed primarily by grants from the Local Education Authorities and from the DES. Since its inception in 1964, the Council has published a large number of publications in the form of working papers, curriculum bulletins, examination bulletins and special reports. Prior to July 1969, Schools Council publications were published by HMSO. Since 1969, publications in series such as Curriculum Bulletins, Examination Bulletins and Working Papers have been published by Evans/Methuen Educational, 11, New Fetter Lane, London EC4P 4EE and Research Studies by Macmillan Education, Little Essex Street, London WC2R 3LF. The Schools Council has itself published a Pamphlet series. From 1980-1983 much of the Council's work has been organised into 5 programmes of work, eg Programme 1: Purpose and planning in schools; Programme 3: Developing the curriculum for a changing world. From 1984 the work of the Schools Council will cease, though some projects may be continued by its successors, the School Curriculum Development Committee and the Secondary Examinations Council.

- 2) University Grants Committee (UGC)
14, Park Crescent
London W1N 4DH
Tel. 01-636-7799

The UGC, through which the Government exercises its responsibilities in relation to the Universities, has the following terms of reference: To enquire into the financial needs of university education in Great Britain; to advise the Government as to the application of any grants made by Parliament towards meeting them; to collect, examine and make available information relating to university education throughout the United Kingdom; and to assist, in consultation with the universities and other bodies concerned, the preparation and execution of such plans for the development of the universities as may from time to time be required in order to ensure that they are fully adequate to national needs.

Publications:

University Statistics. Cheltenham: Universities' Statistical Record.
Published annually in 3 volumes:

Volume 1: Students and Staff (Statistics of undergraduate and post-graduate new entrants, populations and qualifications obtained, and of

the academic staff employed by the universities)

3) Association of Commonwealth Universities

John Foster House
36 Gordon Square
London WC1H 0PF
Tel. 01-387 8572

The aim of the ACU is to promote contact and co-operation between the universities of the Commonwealth. The ACU serves them in a number of practical ways.

It organises conferences in many parts of the world.

It promotes the movement of staff between Commonwealth universities by helping member institutions to fill vacant academic posts; by a new programme of travelling fellowships for senior academics with administrative responsibilities; by a continuing scheme of travel grants for senior administrators; and by a programme of academic exchanges between member institutions in developing countries.

It assists the mobility of students between countries through its administration of the British part of the Commonwealth Scholarship and Fellowship Plan; the Commonwealth Foundation Medical Electives Bursaries scheme; and several other scholarship programmes.

It provides information about the universities of the Commonwealth, and about fellowships and scholarships for travel between them, through its publications (especially the Commonwealth Universities Yearbook and four awards guides) and a personal information service.

Founded in 1913 and later incorporated by royal charter, the Association is the oldest international inter-university association in the world and is governed by a Council of executive heads representing member universities. It has 273 member universities in 28 Commonwealth countries (104 members in Asia, 61 in Europe, 44 in Canada and the Caribbean, 35 in Africa, and 29 in Australasia and the Pacific). 145 of its member institutions are in developing countries. All universities in the United Kingdom are members. The ACU has a full-time staff of 41. Its income comes from the annual subscriptions of its members.

The Association maintains a reference library (see below, "Main libraries specialising in education").

- 7) Educational Foundation for Visual Aids

Based at:
National Audio Visual Aids Centre
Paxton Place
Gipsy Road
London SE27 9SR
Tel. 01-761-0901/4

The Foundation was instituted in 1948, under the auspices of the now disbanded National Committee for Visual Aids in Education. It was set up as a non-profit making organisation to serve local education authorities in the development of audio-visual methods of teaching. Since 1981 LEA funding has ceased and though EFVA remains a charity and continues to serve LEAs, schools and colleges, it now operates on a commercial basis.

The EFVA provides services from the National Audio Visual Aids Centres in London and thirteen other cities and towns throughout the U.K. Services include the sale of equipment, from microcomputers to slides and filmstrips; a film hire service (the National Audio Visual Aids Library has over 6000 films in its catalogue); and training courses in all aspects of audio-visual techniques.

Other publications include studies of youth work projects, directories of youth service personnel, practical guides and occasional papers. Free catalogues are available on request.

- 11) Association for Educational and Training Technology (AETT)
BLAT Centre
BMA House
Tavistock Square
London WC1H 9JP
Tel. 01-388-7976

Formerly called the Association for Programmed Learning and Educational Technology, the Association is an independent voluntary body devoted to the improvement of education and training through the systematic application of instructional technology. It provides a meeting point for discussion, a platform for the exchange of views and a means of communication between members working in, contributing to and servicing the whole spectrum of education and training.

By holding conferences and meetings, staging exhibitions, organizing courses and through its network of advisory centres and its various publications, AETT gives its members information about developing trends and aims to further both the efficiency and the employment of educational technology.

Membership is open to all interested in current developments in education and training.

Two conferences are held every year. Publications include a national newspaper.

AGENCIES COLLECTING AND DISSEMINATING INFORMATION

There are no institutions which have hitherto been regarded as national centres for educational documentation in any constituent part of the United Kingdom. However, formal agreement of the Scottish Education Department and the Department of Education for Northern Ireland was obtained in 1966 to the nomination of DES as the National Centre for the exchange of material under the Council of Europe and Unesco educational abstracting schemes. This means in effect that while the DES should be regarded as the national centre for educational documentation in all respects for England and Wales, it can only be regarded as the U.K. national centre in so far as it is the agent of the Scottish and Northern Irish education departments in respect of their participation in educational abstracting schemes. These Departments otherwise retain their autonomous status for educational affairs.

For specialised documentation and information centres, see above, "Main Planning..Bodies"; "Private Foundations..."

MAIN LIBRARIES SPECIALISED IN EDUCATION

There are many libraries in the U.K. specialising, or partly specialising in education. An alphabetical list of some of the main ones is as follows:

- 1) Association of Commonwealth Universities Reference Library
John Foster House
36 Gordon Square
London WC1H 0PF
Tel. 01-387-8572

The ACU Reference Library contains some 12,000 books and pamphlets and 700 periodicals, and concentrates mainly on higher education in Commonwealth

countries. Its collection of Commonwealth university calendars, prospectuses, annual reports and gazettes is unique; other strengths are the extensive range of reports of committees, commissions, government departments, foundations and educational associations, and important collections of material on awards and courses.

The library is an integral part of the Information Service of the ACU and is open to members of the public. The hours of opening are 9.30 am to 1 pm, 2 pm to 5.30 pm, Mondays to Fridays. The library is for reference only; however, a limited range of books is available for short-term loan (not longer than 3 weeks) to the staff of member universities of the Association (see above, "Main Planning...Bodies") through their university librarians. Restricted photocopying facilities are available.

The library produces a monthly Accessions List, which contains a selection of the library's more important acquisitions. It is distributed five times a year and is available free of charge on application.

- 2) British Association for Commercial and Industrial Education (BACIE)
Information Centre
16 Park Crescent
London W1N 4AP
Tel. 01-636-5351

The Information Centre contains books, pamphlets, reports, periodicals and cuttings. It is staffed by qualified librarians and information officers and answers enquiries on all aspects of vocational education and training. Information services are free to members (see above, "Main Planning...Bodies").

- 3) Department of Education and Science
Library
Elizabeth House
York Road
London SE1 7PH
Tel. 01-928-9222

The DES Library primarily provides an information service to the Department and other related bodies, such as the Assessment of Performance Unit and the Further Education Unit. However, about 25% of all enquiries received are from outside organisations and members of the public and the DES does maintain close links with many educational libraries and admit members of the public by prior application. The Library of about 200,000 volumes holds books, pamphlets and journals (but not school textbooks), covering all aspects of education and related social sciences in Britain. The Library produces monthly a Library Bulletin, containing a selective listing of new books, pamphlets and reports added to the library. It also produces at regular intervals Current Titles, a KWIC listing of references to articles in the 800 current periodicals received. Subject bibliographies and a periodicals list are available on request. The Library was founded in 1894, originating in an exhibition of educational apparatus and school books in 1854. It therefore contains much historical material, notably special collections, including the Brooke Collection of early books on pedagogy 1600-1800, the Grenfell Collection on physical education and the Baines Collection of nineteenth century children's books. There is also the

Tann Collection of modern children's fiction for exhibition by H.M. Inspectorate in conjunction with teachers' courses.

- 4) Language Teaching Library
20, Carlton House Terrace
London SW1Y 5AP

The Library is jointly maintained by the English Teaching Information Centre of the British Council and the Centre for Information on Language Teaching and Research. It contains an extensive reference collection (25,000 books, pamphlets, reports and theses and 400 journals) on languages, linguistics and language teaching. Teaching materials include a complete collection of British textbooks in print for French, German, Italian, Russian and Spanish and a collection of audio-visual language-teaching material, with facilities for listening and viewing. It is essentially a reference library, although some duplicate copies of books in great demand are available for loan to personal callers.

- 5) National Foundation for Educational Research
Library
The Mere
Upton Park
Slough, Berkshire SL1 2DQ
Tel. Slough 74123, ext. 275/6

The Library is part of Information Services, and serves the Foundation's research staff, although it is open to members of the public for reference purposes. It contains about 20,000 books and 400 periodicals, covering primarily the fields of education and psychology. There is also a small collection of psychological tests. The Library issues a bi-monthly additions list entitled News for Educational Researchers.

- 6) National Institute of Adult Continuing Education (England and Wales)
Library
19b De Montfort Street
Leicester LE1 7GE
Tel. Leicester 551451

The Library contains about 10,000 books and 500 periodicals on the subject of adult continuing education. It has a press-cutting section relating to adult education. The Library is open to anyone with an interest in the field, and bibliographical lists are compiled on request.

- 7) National Union of Teachers
Library
Hamilton House
Mabledon Place
London WC1H 9BD
Tel. 01-387-2442/7

The Library contains about 20,000 books and pamphlets and 200 current periodicals on aspects of education such as history of education, psychology of education, teachers and teaching, teachers' salaries and women's position in education. Library materials may only be borrowed by NUT members, but the Library may be used for reference by non-members. Special collections include complete files of NUT Annual Reports, the

Teachers (formerly the Schoolmaster) and all NUT publications. There is also an extensive collection of government publications, dating back to about 1860.

- 8) University of London, Institute of Education Library
11-13 Ridgmount Street
London WC1E 7AH
Tel. 01-637-0846

The Library contains about 250,000 books and 1900 periodicals. Materials may be borrowed by both present and former staff and students of the Central Institute, and the Library may be used for reference purposes by non-members. The Library publishes the Education Libraries Bulletin (three times a year and supplements) and a Catalogue of the Comparative Education Library (6 vol., 1971; supplement, 1974), and maintains the National Reference Library for School Books and Classroom Materials, a permanent collection of school books and classroom materials currently in print.

INFORMATION SERVICES FOR FOREIGN STUDENTS AND TEACHERS

- 1) British Council
10 Spring Gardens
London SW1A 2BN
Tel. 01-930-8466. Telex: 916522

Founded in 1934 and granted a Royal Charter in 1940, the Council aims at the production of a wider knowledge of Britain and the English language abroad, and the development of closer cultural relations with other countries. In recent years it has increasingly concentrated on educational work. It promotes educational and other exchanges with overseas countries, primarily by sponsoring visits in both directions, but also by recruiting British teachers for service overseas, and by awarding scholarships and bursaries. It provides reception, hospitality and welfare services for students, introduces overseas students to courses of all kinds in Britain, runs and assists with libraries overseas, and organises English language courses.

MAIN PLANNING, CO-ORDINATING, ADVISORY OR CONSULTATIVE BODIES DEALING WITH
EDUCATIONAL POLICY, REFORM AND/OR DEVELOPMENT

Northern Ireland's five education and library boards (which are broadly equivalent to local education authorities in England and Wales) have responsibility of ensuring that there are sufficient schools and other facilities, including those for recreational, social, cultural and youth activity purposes, to meet the needs of their respective areas. They manage controlled schools and are responsible for the maintenance of most voluntary schools. They are also responsible for university and further education awards, meeting the tuition fees of the great majority of pupils attending grammar schools, the school means and school transport services and school clothing and maintenance allowances. As the local library authorities they are required to develop a comprehensive and efficient library service for their areas and to make library services available to educational institutions.

Each board includes representatives of district councils, transferors of schools and maintained school authorities, teachers, persons having a special interest in the library service and others from the community selected by reasons of their interest in, or knowledge of, the services administered by the board.

All five education and library boards supply annually a Guide for the parents of children who will transfer from primary to secondary education - these also contain details of the facilities provided by the schools in each of the respective board areas. The Guide can be obtained from the respective boards.
